

Textile Designer/Pattern Maker– Junior to Intermediate – 1 position

Pacific Safety Products Inc. is an established industry leader in the design, production, distribution and sale of products serving the growing security and defense sector. The company is a major supplier of wearable armor and other safety products to law enforcement agencies, military, fire and EMS personnel.

The Company's growing domestic and international business base and the relocation of our headquarters from British Columbia to Ottawa, has created several opportunities for the right individual(s) to join our dynamic and talented team of employees as:

Responsibilities:

- Designs and creates prototypes and finished assemblies with the Design team
- Develops patterns, cut lists and performs grading for designs
- Defines and maintains product technical data for new and existing products
- Prepares Bills of Material (BOM's) to include material and labour usage
- Initiates Design Change Requests for product improvements and oversees their implementation to ensure full compliance
- Provides product support to manufacturing operations
- Conducts research into new technologies and devises design concepts for new products

Qualifications:

- Graduate in textile design or drafting technology or equivalent, plus 3-5 years experience.
- Experience in Gerber and Tukacad is essential
- Experience in clothing design, pattern making and sewing a must
- Experience in military protective clothing a definite asset
- Previous design manufacturing experience an asset
- Ability to work in a collaborative, team environment
- Strong ability to communicate effectively in spoken and written English, including the ability to describe information, concepts and ideas and to convey instructions to others
- Good understanding of textiles and commercially available textile products
- Creative and innovative thinker
- Occasional travel may be required
- Candidates must hold, or be eligible for secret security clearance
