

FRONTLINE Body Armor

The new FRONTLINE Body Armor is our most comfortable concealable vest. The FRONTLINE uses a liner that wicks moisture away from the body for better heat and moisture management. The FRONTLINE provides a comfortable, low-profile, side-entry concealed body armor with front, back, and side protection. The FRONTLINE ballistic panels are interchangeable with all other Patrol Series carriers of the same size, providing a variety of protection and style options. The 12-Point adjustable design allows for a comfortable fit without compromising protection.

FRONTLINE (Model #1111)

Standard Features	Benefits
Supplex® Nylon Fabric	<ul style="list-style-type: none"> • The soft touch of cotton with the strength and durability of nylon • Quick drying and odor resistant • Comfortable to wear, easy to clean and durable for frequent washing
