

UNLOADING STATION

Pacific Safety Products' UNLOADING STATIONS are designed to provide safe and easy unloading of service weapons. The UNLOADING STATION safely contains accidental discharges to the rated ballistic level. The orange cone opening is designed to catch the round ejected from semi-automatic weapons. The UNLOADING STATION is available in a floor mount or wall mount. The wide opening of the cone and the positioning of the UNLOADING STATION makes it simple and quick to use by all members of your department.

UNLOADING STATION (Model #6300)
