

# FIXED POCKET LOAD BEARING VEST

The FIXED POCKET LOAD BEARING VEST is designed to integrate with the 2120 Modular Tactical body armor as a modular body armor system. The Load Bearing Vest can also be used with other armor systems. The FIXED POCKET LOAD BEARING VEST has four double pockets on the front, (eight separate compartments) and five pockets on the back, including a radio pocket, and a large utility pocket in the center. On both the front and back there is a small area with snap grid for adding other specialize pockets.

## FIXED POCKET LOAD BEARING VEST (Model #7120)
