

# Sigma Six Body Armor

**NEW** to the PROTECTED BY PSP™ family, our Sigma Six™ Body Armor uses cutting edge design and technology for maximum comfort, concealment, fit and protection. The Sigma Six™ features six superior design distinctions:

- Ergonomically Superior Design
- Patented ProTect™ Ballistic Panel Protection System
- 12-point Adjustable Carrier
- ProLoad™ Panel Access
- CoolMax® Extreme Carrier Lining
- ProFit™ Sizing Program

State-of-the-art carrier materials such as Supplex® Nylon, a CoolMax® lining, and low profile Velcro® makes our Sigma Six™ body armor one of the most comfortable, low profile and highest quality vests on the market today.

Combine all of these features with our exclusive ProFit™ Sizing Program - which ensures an accurate fit, proper coverage and maximum comfort the first time, every time - and you have the ultimate body armor for bringing everyday heroes home safely.

Features	Benefits
Ergonomically Superior Design	<ul style="list-style-type: none"> <li>• Sigma Six™ panels are ergonomically contoured for an accurate, comfortable fit</li> </ul>
Supplex® Nylon Fabric	<ul style="list-style-type: none"> <li>• The soft touch of cotton with the strength of nylon</li> <li>• Quick drying and odor resistant</li> <li>• Comfortable to wear, easy to clean and durable</li> </ul>
CoolMax® Extreme Carrier Lining	<ul style="list-style-type: none"> <li>• Wicks moisture away from the body</li> <li>• Regulates temperature: cooler in the summer and warmer in the winter</li> <li>• Inhibits growth of bacteria and fungi</li> <li>• Anti-odor</li> </ul>
12-Point Adjustable Carrier	<ul style="list-style-type: none"> <li>• 12-point elastic adjustment system allows for optimum fit</li> <li>• Straps are made of durable knit elastic with low profile Velcro® attachments</li> <li>• Each strap features our exclusive "lift-tab" tip for easy adjustment and removal</li> <li>• Straps are removable for easy carrier cleaning</li> </ul>
Patented ProTect™ Ballistic Panel Protection System	<ul style="list-style-type: none"> <li>• Patented desiccant technology safely removes moisture from inside our ballistic panels, preventing degradation from moisture, heat or light</li> </ul>

<b>Ballistic Panel Suspension System</b>	<ul style="list-style-type: none"> <li>• Holds panels securely with low profile, Velcro®</li> <li>• Prevents curling, shifting or buckling of ballistic panels</li> <li>• Maximizes comfort and eliminates the risk of exposed areas</li> </ul>
<b>ProLoad™ System</b>	<ul style="list-style-type: none"> <li>• Innovative front and back opening for easy panel access and removal</li> <li>• Eliminates uncomfortable seams inside the carrier</li> <li>• Allows for easy insertion of a Trauma Pad or Plate</li> </ul>
<b>Self-Aligning Contoured Trauma Pad/Plate</b>	<ul style="list-style-type: none"> <li>• Easily inserted through our ProLoad™ side panel access</li> <li>• Provides increased trauma protection over vital center-chest area</li> <li>• Eliminates bulk - no extra pocket required</li> <li>• Self aligns into proper position</li> <li>• Velcro® hook and loop holds the trauma pad/plate securely in place</li> </ul>

Options	Benefits
