

DELTA FIVE™ TACTICAL ARMOUR

The premium DELTA FIVE™ modular tactical body armor system offers a supreme combination of coverage, mobility and configurability for tactical units. Equipped with a universal MOLLE™ attachment system, the DELTA FIVE™ is compatible with all modern equipment.

STANDARD FEATURES

Protection Level: Can be equipped with any of PSP's NIJ0101.06 certified ballistic packages including Level IIIA (with enhanced fragmentation protection) and a multi-threat Level II/Spike 2

Standard Configuration: Full torso, neck, throat, shoulder and upper arm coverage; side entry

Quick Release: Integrated quick release enables the wearer to remove the vest in under 5 seconds;
Separate medical release capabilities allow the system to be quickly opened or removed for treatment and easily reassembled for emergency transport

Shell and Lining: Durable, water-repellant Cordura outer finish is strong, lightweight and resists fluids;
Tough, abrasion-resistant carrier fabric resists dirt, is easy to clean and dries quickly;
Internal Nylon mesh for moisture management.

Closure: Secure 4-point attachment system at waist and shoulders for ease of donning, doffing, and adjustability with overlap closure

OPTIONS

The DELTA FIVE™ can be configured with:

- Additional ballistic protection for the groin, buttock, lower arm, upper leg and lower leg areas
- 10"x12" NIJ0101.06 Level III or IV hard armor plates for added protection to the most vital regions
