

OPP-1802 Shared Services Messaging and FAQ's

16 January 2024

Pacific Safety Products is proud to announce that we have been awarded the latest version of the OPP Shared Services contract, OPP-1802. This contract is open to all Ontario ministries and law enforcement agencies in the province. Agencies can procure any or all the items listed.

The benefits to using the Shared Services contract are agencies do not have to incur the cost of competitive bids and evaluation process. Pricing is established for the full five years, so budgets can be established without having to estimate future pricing. In addition, the terms of the contract apply to all agencies that use the contract, such as warranty, returns and insurance.

To take advantage of the contract's features, the products listed within the agreement must be the items procured. For example, an agency / service may elect to purchase only the soft armour panels however would need to confirm carrier compatibility with PSP as well as obtain a quote for pricing.

Some frequently asked questions are below. PSP Customer Service can be reached at customer care.psp@safariland.com for assistance and further information.
